State-of-the-art diabetes support

For qualified members living with type 2 diabetes, Aspire offers Onduo, a virtual diabetes management program. Onduo works with you to provide the personalized tools and support you need, including:

- Blood glucose monitor
- Onduo app to monitor your progress
- Access to health coaches
- **Personal health summaries** you can share with your doctor

In addition, some members are eligible to participate in Onduo's virtual diabetes clinic and access care from endocrinologists, certified diabetes educators and gain insights from a continuous glucose monitoring system (CGM).

Onduo complements the work you're doing with your doctor to help ensure you're getting the best possible care based on what happens day-to-day, not just month-to-month or year-to-year.

Onduo offers three levels of membership with different benefits and services. Eligibility for membership and the type of membership offered to you is determined by Onduo, who will conduct a quick review of your health profile to determine both. John Hancock will pay your first-year membership fee (subject to minimum face amounts) and thereafter depending on your level of engagement with Onduo.⁶
